The Arkansas Scottish Festival is a 3-day event, established in 1981. This event brings in thousands of spectators from across the country. This year we are adding several different trail racing events to raise money towards maintaining Lyon College's Trail System. The campus offers nearly 5 miles of trail on it's beautiful wooded campus that is open to the public. The trail system is open to walkers, joggers, and mountain bikers alike. The festival offers something for the whole family.

Kilted Mile \$5 • 5K \$20 • 10K \$25 • Mountain Bike \$20

*Discounts given for those who want to participate in multiple events.
